Request For Proposals (RFP) to Operate One or More of the  
Department of Animal Services' Spay/Neuter Clinics

**Questions and Answers**

(No. 3)

1. At the North Central clinic, there is a hallway behind the clinic, inside the care center (the clinic's back door leads to this hallway). Would it be possible for a clinic operator to use some of that hallway space to keep cages for shelter animals?

*Answer: This hallway space at the North Central location will not be available for use by the clinic operator. The hallway leads to the outside kennels and is a heavy foot traffic area. These items could create a safety hazard for the public and employees.*
